Education

GLA University, Mathura — B.Tech in Computer Science (IIoT) 2022–2026

CGPA: 6.3 / 10.0

Gayatri Junior College, Srikakulam — Intermediate 2020–2022

Percentage: 84.5%

Technical Skills

- **Programming & Querying:** Python, SQL
- **Data Analysis:** Excel, Pandas, NumPy
- **BI & Visualization:** Power BI, DAX, Tableau, Matplotlib
- **Machine Learning:** Scikit-Learn, Regression, Classification, Model Training & Evaluation
- **Data Analytics:** Data Cleaning, EDA, Feature Engineering, Data Validation
- **Tools:** Google Colab, Git, GitHub

Experience

Digital Marketing Intern — KVCH Innovations Pvt. Ltd. Jun–Jul 2024

- Analyzed website traffic and user engagement to identify customer behavior.
- Prepared reports and recommended website improvements using data insights.

Projects

E-Commerce Sales & Customer Analytics Dashboard

- Developed an interactive Power BI dashboard to analyze sales, profit, customer, product, and regional performance.
- Used SQL joins, aggregations, subqueries, CTEs, and window functions; cleaned data with Pandas and created DAX measures for key business KPIs.
- Created interactive filters and visualizations to compare sales performance across products, customers, and regions and support data-driven insights.

Customer Churn & Retention Analytics Dashboard

- Analyzed customer data using SQL and Python Pandas to identify churn patterns and high-risk segments.
- Built a Power BI dashboard with DAX KPIs including Churn Rate, Retention Rate, and Active Customers.
- Used customer segmentation and interactive visualizations to analyze retention trends and identify customer groups requiring attention.

House Price Prediction

- Built a house price prediction model using Python and Scikit-Learn with data preprocessing and feature engineering.
- Evaluated model performance using regression metrics and compared predictions with actual prices.

Fuel Consumption Prediction

- Built a vehicle fuel consumption prediction model using Python and Scikit-Learn with data cleaning, feature engineering, and EDA.
- Compared regression models using MAE, MSE, and R^2 to evaluate prediction performance.

Certifications & Achievements

- **Data Analytics Essentials** — Cisco Networking Academy, Sep 2026.
- Machine Learning Certification — Simplilearn.
- Participated in Code Buster and Escalate Hackathons (2024).
- Secured 1st Place in the CSED Club Tech Expo Project Exhibition.

Co-curricular Activities

- Secured 1st Place in an Inter-State Kabaddi Tournament.
- Coordinator — SRIJAN (Kabaddi), GLA University (2022, 2023).
